I CERTIFY ON HONOR, That I have carefully examined the above named Volunteer, agreeably
to the General Regulations of the Army, and that, in my opinion, he is free from all bodily defects and
moral infirmity, which would in any way disqualify him from performing the duties of a soldier.

Witness *L. L. Ward*

I CERTIFY ON HONOR That I have carefully examined the above named Volunteer, agreeably
to the General Regulations of the Army, and that, in my opinion, he is free from all bodily defects and
mental infirmity, which would in any way disqualify him from performing the duties of a soldier.

EXAMINING SURGEON.

I CERTIFY ON HONOR, That I have minutely inspected the Volunteer *N. Phelps*
previously to his enlistment, and that he was entirely sober when enlisted; that, to the best of my judg-
ment and belief, he is of lawful age; and that, in accepting him as duly qualified to perform the duties of
an able-bodied soldier, I have strictly observed the Regulations which govern the recruiting service.
This soldier has *Blue* eyes, *Fair* hair, *Fair* complexion, is *27* years

9 inches high.

I, Lossen E. Perry born in Russell Co
in the State of Mississippi aged 30 years,
and by occupation a farmer Do HEREBY ACKNOWLEDGE to have
volunteered this first day of January 1864
to serve as a Soldier in the Army of the United States of America, for the period of
THREE YEARS, unless sooner discharged by proper authority: Do also agree to
accept such bounty, pay, rations, and clothing, as are, or may be, established by law
for volunteers. And I, Lossen E. Perry do
solemnly swear that I will bear true faith and allegiance to the United States of
America, and that I will serve them honestly and faithfully against all their enemies
or opponents whatsoever; and that I will observe and obey the orders of the President
of the United States, and the orders of the officers appointed over me, according to
the Rules and Articles of War.

Sworn and subscribed to, at Shawbury Plains
this first day of January 1864
Witness John L. Warren Lossen E. Perry

I CERTIFY, ON HONOR, That I have carefully examined the above named Volunteer, agreeably
to the General Regulations of the Army, and that, in my opinion, he is free from all bodily defects and
mental infirmity, which would in any way disqualify him from performing the duties of a soldier.

Wm. D. Mullins

EXAMINING SURGEON.

I CERTIFY, ON HONOR, That I have minutely inspected the Volunteer
previously to his enlistment, and that he was entirely sober when enlisted; that, to the best of my judgment,
he is of lawful age; and that, in accepting him as duly qualified to perform the duties of
an able-bodied soldier, I have strictly observed the Regulations which govern the recruiting service.
This soldier was Black Dark complexion, is 6

an able-bodied soldier. I have strictly observed the Regulations which govern the recruiting service.

Form 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate to
be returned to the recruiting officer in the recruiting station (not the recruiting office) in the Adjutant-General's Office, and one to accompany the returns of the officer who
pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.
Note 2.—An enlistment holds to service. A master in must, in all cases, precede payment of pay, bounty, pension, &c. A master-in must, in all cases, be filed in the
Adjutant-General's Office as evidence of master-in. The recruiting officer, commissary, or assistant commissary of musters, as the case may be, will countersign both enlistments
as having mustered the soldier into the service of the United States before either of them is given to the recruiting officer.

NOTES.

1. The amount of any cash pay for which the soldier may be mustered, or, as Acting Hospital Steward, as Soldier, &c., and which may be still due him, must be carefully noted.
2. In the column headed "BONDS PAID," must be entered the whole amount actually paid him, in that of "BONDS DUE," the whole amount yet due him. Bonds paid by State authorities, and not by the United States, will not be entered on this statement.
3. Stoppages for loss or damage done to arms, or other public property, must be noted, and the articles, and particular damage to each, specified. When stoppages are due, under sentence of a Court Martial, a transcript of the same must be entered here; and the amount already stopped must be carefully stated.
4. In every case of desertion, the date, and that of delivery, or apprehension, must be given, together with a correct transcript of the order of sentence or pardon.
5. A careful statement of the man's CLOTHING ACCOUNT must be made, to date, and the amount was to, or from him must be precisely stated.
6. Should the man have been engaged in any action or skirmish, it must be mentioned, together with date and place. A full and particular mention will be made of any wounds he may have received in action, or other injury, whilst in the line of his duty.
7. If the soldier is entitled to pay for the use of his horse, the company commander will certify to that fact on this list, and also to the time he has pay due for having been so mounted on his own horse.
8. When a soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the soldier these statements, and endorsed with a statement to that effect by the officer. This endorsement should exhibit a full statement of the time for which the soldier was allowed pay on his final statement, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the soldier, who will enter all the data necessary to a full understanding of the soldier's account on the muster roll upon which the soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the soldier's account may be settled upon the receipt of these muster rolls, and the soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statement from the fact that his descriptive list is incomplete. These accounts must be sent from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 1st Auditor of the Treasury Dept.
9. Where a soldier dies in hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Adjutant General, Washington, D. C.
10. Men drafted will be considered as mustered in from the date of their draft, and will be mustered for pay on the usual rolls for Volunteers. On the same line as the soldier's name, under the heading "Joined for Duty and Enrolled—Commencement of First Payment by Time," will be written the word drafted, or substitute, as the case may be; and under the heading "When Mustered in," will be given the date when the soldier was drafted, or, if a substitute, when enlisted, (substituted, under the Enrollment Act, are mustered in by enlistment;) under "Where Mustered in," will be given the place from which drafted, (or if a substitute, where enlisted;) under the heading "By whom Mustered in," will be given the No. of the Enrollment District from which he was drafted, and the State to which it belongs, thus: 4th D. Mass., (meaning 4th Enrollment District, State of Massachusetts.) Or if a substitute, the name of the officer enlisting him. (When enlisted by Board of Enrollment, the name of the Provost Marshal of the Enrollment District.)
11. A separate descriptive list should, as a general rule, be given for each man.
12. Descriptive lists must, in all cases, be signed by commissioned officers; not by enlisted men acting as such.

I CERTIFY that the above is a correct transcript from the Records of

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as $\frac{1}{2}$, $\frac{3}{4}$, &c., &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge called men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

BEFORE J. L. Lundy

I CERTIFY, ON HONOR, That I have carefully examined the above named Volunteer, agreeably
to the General Regulations of the Army, and that in my opinion he is free from all bodily defects and mental

I CERTIFY, ON HONOR, That I have minutely inspected the Volunteer, William R Reynolds
previously to his enlistment, and that he was entirely sober when enlisted; that, to the best of my

of an able-bodied soldier, I have strictly observed the Regulations which govern the recruiting service.

12th Ky. regt. having applied for a certifi-
cate on which to ground an application for
discharge I do hereby certify that I have
carefully examined this officer and find
that he has been sick for a long time with
~~fever~~ - He is now laboring under fever
& chronic diarrhoea, is entirely prostrated,
and of no use to the service, and that in
consequence thereof he is in my opinion un-
fit for duty - I further declare my belief
that he will not be able to resume his
duties in a less period than this whole sum-
mer in this locality -

NOTE 1.—This blank will be used for both enlistments and re-enlistments—collection of returns, &c., &c., in the volunteer service. They will be made out in duplicate
in all cases—one to accompany the returning officer (not the recruiting officer) to the Adjutant General, and one to accompany the account of the officer
who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.
NOTE 2.—An enlistment binds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed
in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will countersign both
enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

for volunteers. And I, Henry Roberts do

Henry Roberts

I CERTIFY, ON HONOR, That I have carefully examined the above named Volunteer, agreeably
to the General Regulations of the Army, and that, in my opinion, he is free from all bodily defects and
moral infirmity, which would in any way disqualify him from performing the duties of a soldier.

Super. 12th Regt. 9th

EXAMINING SURGEON.

I CERTIFY, ON HONOR, That I have minutely inspected the Volunteer
previously to his enlistment, and that he was entirely sober when enlisted; that, to the best of my judg-
ment and belief, he is of lawful age; and that, in accepting him as duly qualified to perform the duties of
an able-bodied soldier, I have strictly observed the Regulations which govern the recruiting service.
This soldier has Black eyes Black hair, Dark complexion, is 5 feet
5 1/2 inches high.

John L. Wadsworth

12th Regiment of Inf. Volunteers
RECRUITING OFFICER.

(A. G. O. No. 76 & 77.)

Mustered into the service of the United States, in Company H 12th Regiment of Inf. Volunteers, on
the 23rd day of Feb, 1864, at Strawberry Plains

Capital: 24th Regt. Inf.
A. G. M. C. S.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, number, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

NOTE 2.

When a possible case for pension, special care must be taken to state the degree of disability—as *4, 5, &c.*, &c.: to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificates be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS

This certificate will be made out in duplicate by the surgeon or company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who is in charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these two to the regimental, detachment, or post commander, who will forward them, with his notes endorsed thereon, through the proper channel, to his division commander; or, if the things are not attached to a division, to his corps department or other commander or officer to whom the authority to discharge enlisted men may be specially assigned.

These cardholders, after having received the notice of the high authority to which they are ordered to be sent, will be returned to the towns chosen to the respective post, or disbanded, according to the order of the Government, who will, if the Government is satisfied by the conduct of the present military, sign the soldier's discharge, and the Government will, on this paper, see that the soldier is furnished with a discharge, and that he is sent to the place, and forward both of these documents to the Adjutant General United States Army.

Sir

I have the honor to
make Application for leave of absence for
thirty days, for the purpose of visiting my
family in Kentucky, and to attend to private
business which has been neglected until any
further delay in giving it my personal attention
will result in considerable pecuniary loss to
myself. I also desire to go to Louisville Ky
and procure recruits sufficient to fill the
minimum number of my Regiment, to enable
it to be properly officered

I was promised leave of absence while
at Decatur Ga, for the reasons above stated, but
being unwilling to make Application for it
while the next officer in command was

absent I remained until active operations commenced, and though since that time a competent officer to command the regiment has been present there has been no opportunity for asking leave -

I would respectfully state that for the past three years and four months, I have been in U.S. service and have only received furlough during the veteran furlough of the regiment. - the greater portion of which was devoted by me to business appertaining to the regiment.

I respectfully ask your early attention to this application

I am Very Respectfully

Yours Obt. Servt.

NOTATION.

Book mark: 970-13-1889.

War Department

Record and Pension Division,

Washington, February 25th, 1889.

This man deserted on or about March

21st, 1863, and returned

on or about September 4th, 1863.

As he was subsequently restored to duty by S.F.O. 80

Headquarters Army of the Ohio

November 15, 1863

without trial, but upon conditions which appear to have

been complied with (so far as not waived by the Gov-

ernment), the charge of desertion no longer stands

against him. The record of the fact that he was absent

in desertion from on or about March 21st,

1863, to on or about September 4th, 1863,

cannot, however, be expunged.

The charges of desertion of
March 21st 1862 and of absence
without leave of October 15th
1862 are removed as erroneous

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. p. &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1860 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander, or, if the troops are not attached to a division, to his corps department, or other commander or officer to whom the authority to discharge soldiers may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; and that the soldier is furnished with the proper final documents in duplicate, and forward BOTH of these certificates sent to the Adjutant General's United States Army, at Washington, D. C. they will not under any circumstances be given to the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as $\frac{1}{2}$, $\frac{3}{4}$, &c., &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificates be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the notice of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given to the hands of the soldier.
